

Driving quality teaching and learning in English language schools

With content from
OXFORD
UNIVERSITY PRESS

How the GEL Aims continuous improvement cycle works

Select coursebook

Automatically created weekly plan

Based on your coursebook or syllabus, fully editable with **extension activities**

Publish plan in the student portal

With aims, outcomes, and **automatic homework**

Track performance & adjust as needed

Automatic unit testing and level-testing

Student, class and course level analytics

Monitoring & targeted help

Personalised learning for students

Test analysis for teachers to adjust plans
Progress data for academic management to maintain standards

Key benefits:

- ➡ Saves teacher prep and marking time
- ➡ Students can find everything in one place
- ➡ Up-to-date progress and performance stats
- ➡ Targeted help for teachers through progress monitoring
